

A 10x10 grid of 100 numbered panels (1-100) illustrating various social and economic scenarios. The panels are arranged in a grid with a large yellow ladder graphic winding through them. The ladder starts at the top left (64) and ends at the bottom right (1). The panels are numbered as follows:

64	63	62	61	60	59	58	57
56	55	54	53	52	51	50	49
41	42	43	44	45	46	47	48
40	39	38	37	36	35	34	33
25	26	27	28	29	30	31	32
24	23	22	21	20	19	18	17
9	10	11	12	13	14	15	16
8	7	6	5	4	3	2	1

The illustrations depict various scenes: people working, social interactions, economic activities, and environmental issues. A large yellow ladder graphic is overlaid on the grid, winding from the top-left panel (64) down to the bottom-right panel (1). The ladder has a snake-like head at the top and a tail at the bottom, with the snake's body following the path of the ladder's rungs. The snake's head is green in the top-left, turns blue in the middle, and turns red in the bottom-right. The ladder is yellow with black rungs. The grid is divided into four quadrants by a vertical dashed line between columns 5 and 6, and a horizontal dashed line between rows 4 and 5.
